No. MH/Bandra/HRM-I/ 156

Date: 19/6/19

CIRCULAR

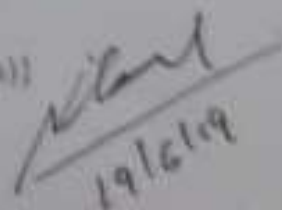

Sub: Name change through joint declaration - reg

It is found that name change correction is being received through joint declaration despite the fact that employer is having this facility based on Aadhaar unified portal. It is hereby directed that all cases of joint declaration to be stopped and employer may be directed to update the data from their unified portal where UAN can be linked with Aadhaar duly authenticating name, date of birth and gender of the employee.

At present there is no module available with employer to change the father name and the same is under progress to authenticate through Aadhar. It is directed that only those cases where dependent parent pension are to be processed only such cases father/mother name corrections should be attempted through joint declaration.

All pending cases where a detail has not been initiated should be returned with a request to employer for submitting through online module only. Any specific cases (if any) may be done with prior approval of concerned Assistant Provident Fund Commissioner, Accounts

{Issued with the approval of RPFC R.O Mumbai (Bandra)}
